Cookie cutters to prepare your own Christmas manger from gingerbread with ease

Description:

<p>Cookie cutters to prepare your own Christmas manger from gingerbread with ease.
</p><p>History: <i>Since few years for </i> <i>Christmas </i><i>we are preparing at least one a gingerbread manger. Concept is simple: prepare gingerbread mix, form it, bake and put together with chocolate and other sweet things so that it looks beautiful. There are some easy elements, like base, walls and roof, but some are more tricky like: Jesus, Maria, Joseph and The Start.</i></p><p>This year finally equipped with 3d printer, and inspired by other designs for cookie cutters I decided to create a set that will help in this task in the future.</p><p>Set designed here was not used yet therefore it may be slightly changed after first use.</p><p><small>Picture presenting real mangers from decorated gingerbread are from last year done without such cutters.</small>
</p>
